

ABSTRACT

The Invention encompasses a system, methods and processes for purchasing or volume purchasing or excess inventory purchasing or excess capacity purchasing for a plurality of purchasers who are in fact group purchasing yet purchasing individually from merchants for goods, products and services and obtaining and investing rebates while real-time interactive online direct ordering and automatic re-ordering of said goods and services by way of real-time interactive online showrooms (CyberShowRooms) and showcases (CyberShowCases) and directly communicating with the servicing salesperson (CyberSalesPersons). It also encompasses a means for interfacing with wholesaler and distribution systems.

As such, the purpose for the present invention brings forth a means for an extremely unique purchasing experience whereby individual consumers and individual merchants can purchase all types of goods and services and take advantage of the savings brought about by volume purchasing of these goods, products and services.
